ROSIN	PRICE	MSRP	POTENCY
<b>PLATINUM OG KUSH</b> Master Kush x OG Kush	<b>\$12.50 / 0.5g unit</b> <b>\$25 / 1g unit</b>	<b>\$25 / 0.5g unit</b> <b>\$50 / 1g unit</b>	<b>64.1 - 64.6% THC / 0% CBD</b>
<b>CRITICAL MASS</b> Afghani x Skunk No. 1	<b>\$12.50 / 0.5g unit</b> <b>\$25 / 1g unit</b>	<b>\$25 / 0.5g unit</b> <b>\$50 / 1g unit</b>	<b>64.5 - 65.1% THC / 0% CBD</b>

## WHY ROSIN?

Our solventless rosin compliments our Clean Green facility values; free of harmful chemicals (like butane and propane). Handcrafted with premium Prüf Cultivar flower in small batches this rosin ensures unparalleled freshness with a smooth finish.

Our flower is harvested and cured for two days, then frozen to preserve the terpene-rich content. In a two-stop refinement process, we utilize layered micron bags in ice water to separate resin glands from the raw plant material, then further refine using low temperatures and high pressure; allowing for one of the finest expressions of our premium cannabis in extract form. (Estimated 37.31 mg/g in terpenes).

We recommend dabbing at the lowest temperature or utilizing a vaporizer to unlock the full potential of this product and experience a clean high.

**Limited quantities available – order now.**

## ABOUT PRÜF CULTIVAR

Through our commitment to the chemistry, conditions, people and knowledge behind cannabis cultivation, Prüf Cultivar leans on the edge of possibility to create ideal products for confident cannabis exploration. Powered by obsessive learning and knowledge, we're optimizing growing techniques to ensure product integrity, meticulously mapping genetic compositions that offer complex plant diversity, and inspiring what's possible in the cannabis industry.

## ABOUT SERRA x WOODBLOCK CHOCOLATE

The Woodblock Chocolate bar by Serra is made from delicious craft chocolate and pure cannabis distillate, brought together in our grow and extraction facility. To provide the highest caliber of flavor, we work with Woodblock Chocolate, a family-run, bean-to-bar chocolate manufactory in Portland. Each batch of Woodblock Chocolate undergoes a thoughtful roasting and refining process; making cacao into chocolate from scratch allows them to bring out the best in the taste of the chocolate. Plus, working closely with farmers provides the advantage of true region-specific flavor development, highlighting the essence of each type of cacao bean. Complemented by just three ingredients – a touch of real cane sugar, cocoa butter, and cannabis oil with the terpenes removed – the full taste of the chocolate comes through in each bar.

**CARE** Kept in a cool, dark place, these bars should last for one year. Refrigeration is not recommended; keep bars out of heat or sun to avoid melting. Optimal temperature is 55°-65° for best shelf life.

### BERRY HAPPINESS SQUARE

Decadent precision defines the sophisticated taste and consistent dosage of the new spring exclusive Berry Square from Serra x Woodblock Chocolate. Relish the deliciousness of strawberries, raspberries and Oregon blueberries paired delightfully with Ecuadorian and Tanzanian chocolate. Enjoy this small-batch confection from Serra chocolate, the premium cannabis-infused chocolate brand you've come to know and trust. The Serra x Woodblock Chocolate Berry Square is available in a 4-serving (20mg THC) square. A pure and terpene free CO<sub>2</sub> cannabis oil is utilized to provide the consistent, predictable dosage you want in a product that surpasses expectations in flavor and effect – delicious chocolate, flavorful berries and a blissful experience, without any cannabis taste. Enriched with the bright flavors of spring this dark chocolate treat features our blend of ethically sourced Ecuadorian and Tanzanian cacao, sprinkled with finely ground strawberries and raspberries, then finished with a whole Oregon blueberry, reflecting the care given to each serving.
